Sub: Energy Audit at L&T Powai, Mumbai Installations

We have a great pleasure in certifying that M/s Active Energy Associates has carried out Energy Audits at our Powai installations successfully. The Audit team consists of highly motivated & experienced auditors.

We are happy that energy cost reduction schemes given by M/s Active Energy Associates were immediately implemented & have already given us more than the fees charged by AEA without any investment.

We find substantial difference in their organizational approach towards the energy audits as they are placing more emphasis in realizing the energy savings as soon as possible and also helping the clients in implementing the suggestions.

We strongly appreciate and recommend them for excellent energy audit.
